

# **KNAPHEIDE** **KUV**®

## **KNAPHEIDE UTILITY VAN**

**KNAPHEIDE**®

**SINCE 1848**

## Interior

- Built-in shelves
- All models accommodate 4' x 10' material
- Sliding bulkhead door (21.5" wide opening)

## Why Knapheide? Because Rust Never Sleeps

When you buy quality Knapheide products, rust shouldn't be a worry. To provide the best protection against rust, we installed K-Coat, our state-of-the-art, custom-designed electrocoating prime paint system. K-Coat bonds paint to steel by an electroplating process, to give you better corrosion protection than spraying. Complete immersion in K-Coat results in a prime coat that provides excellent chemical and solvent resistance. Our K-Coat system is the best electrocoat prime paint system in the industry. Because rust never sleeps. And because you should never worry about the quality of your Knapheide product.

# KUV<sup>®</sup> Standard Equipment

- Two (2) adjustable divider shelves, street and curb side first, second and third vertical compartments.
- One (1) adjustable divider shelf, street and curb side fourth vertical (181" only) and rear vertical compartment.
